

SCJM VIJAYA NIKETAN CHIANKI

Celebration of Session of Creation – 2022

The following steps are taken in order to listen to the Voice of Creation: -

- ❖ Praying daily for the safety and protection of Planet Earth and everything created by God, especially the suffering ones.

Purpose

By praying, we are spiritually involved in lifting our minds and hearts to the divine at the same time, feeling the suffering of nature and fellow beings.

This prayer can be in various forms, such as an intention for Mercy Rosary, Holy Rosary and intercessory prayer.

Praying for the creation

Almighty God is our creator. He provides all our needs. We are grateful to Him, and daily express our gratuitousness and invoke peace and harmony in the world.

Strengthening the educational apostolate

Purpose

Sisters are striving to improve the quality of teaching and inculcating the values such as love, peace, joy, justice, discipline and truthfulness in young minds and providing a powerful platform to express innovative ideas to encounter the challenges of today.

Caring for the earth

Cleaning the Balwadi School Campus with the students: -

Purpose

We Sisters motivate the children to keep the campus neat and clean. Plant more trees around us and love nature and bring interest and joy to working together.

Deepening Children's Faith

Purpose

We conduct Holy Mass once a year and will continue to arrange for the children in order to motivate their life and teach the values of Jesus.
